by 28<sup>TH</sup> October 2019

**Lendlease is glad to invite its partners and the most innovative Italian and International companies for an update on the MIND project.**

It will be a two day event, where you will have the opportunity to participate to different sessions covering topics such as the future of work, data and health, institutional innovation and to have an updated presentation of the MIND project. Our partners and some members of the *MIND International Council* will be with us.

On **Friday** night you are invited to join us at Villa Necchi Campiglio for a presentation on the future of work with Guest Speakers Laura Tyson and Caroline Winnett of Berkeley Sky Deck, followed by a networking dinner.

On **Saturday** we will host a full day session at MIND. Works will finish at around 5pm.

TOPICS TO BE  
DISCUSSED

Provide an update about the great progresses achieved by the MIND project, including both the overall development and the activities of MIND's public anchors: the Galeazzi research hospital, the University of Milano Statale and the Human Technopole research institution.

Present MIND's strategy to work on a data trust with a particular focus on health data to support innovation, and gather feedback from the market and public institutions.

Celebrate the first members of the MIND community.
